# In Memoriam

Mr. Stephen O'Meara, Police Commissioner for the City of Boston, died at his home, 585 Beacon Street, at 6 o'clock A.M. Dec. 14, 1918, from cerebral hemorrhage. After being absent four weeks on account of sickness he returned to his office on December 7 and resumed his accustomed duties, remaining until Friday afternoon. His health had been failing for a number of months.

He was born in Charlottetown, Prince Edward Island, July 26, 1854, and came to Boston with his parents in 1864. After a short residence in South Braintree the family moved to Charlestown, where he was educated. He graduated from the Harvard Grammar School, and four years later he graduated from the Charlestown High School. While at the high school he showed a taste for journalism, and mastered the Pitman system of phonography. The day after he left school he engaged in newspaper work, which he made his profession, becoming the Charlestown reporter of the "Boston Globe," where he remained until December, 1874. Then he resigned to accept a position on the "Boston Journal." He filled all the important positions on the "Journal" from reporter to general manager. In 1902 Mr. O'Meara sold his interest in the "Journal" and retired from newspaper work. In 1904, with his family, he went to Europe, intending to be away for two or three years. While abroad he was requested by Governor Guild to accept a position as head of the Boston police force. In consequence of this offer he returned from Europe, and in June, 1906. was installed Police Commissioner for the City of Boston for five years, ending on the first Monday in June, 1911. He was then reappointed for another term of five years by Governor Foss, and at the end of his second five-year term he was again reappointed for a third term by Governor McCall.

# Nonresident Offenders.

The proportion of nonresident offenders among the persons arrested for all causes has shown, on the whole, a steady increase. When the first police commission was established in 1878 the percentage was 19.90; in 1918 it was 42.52. The statistics of the past ten years, covering arrests for all causes, are as follows:—

# RESERVE MEN.

In 1887 the Board of Police conceived the idea that men might be appointed in reserve to be called upon from time to time to do the work of regular patrolmen absent for one reason or another. As a consequence the Legislature passed chapter 177, Acts of 1887, which provided that the Board might appoint such reserve men from time to time to a total number authorized by the city of Boston; that their pay when on duty should not exceed \$2.50 a day; and that regular patrolmen should be appointed only from the reserve men. The city of Boston thereupon fixed the number of reserve men at not exceeding 100. I cannot ascertain that the original plan of calling in these men for a day's work at a time was ever tried, but if it were, it was soon given up, for it was found to be impossible in a city like Boston to secure men fit and trained for police duty whose private occupations would permit of their absence while answering a police call. As a matter of fact, it was found necessary to offer fit men full police employment, and almost immediately, certainly for many years last past, a reserve man when appointed and instructed was given full employment, and he has done and still does the same work as a regular patrolman. The title of reserve man is therefore a misnomer; he is not in reserve, but is in full, active duty as a first-year man, or probationer. In order to adapt the system to actual conditions, and permit of an increase in salary which the city authorities wish to allow, it is necessary that the act referred to, which has been obsolete virtually from the day of its passage, should be repealed. The mayor of Boston has agreed that if the act be repealed he will authorize, under the power conferred upon him by Acts of 1906, chapter 291, section 13, an increase of 100 in the number of patrolmen, which increase would not change the total number of such men now employed, but would merely permit of the absorption of the 100 reserve men in the regular force as first-year men, or probationers.

I therefore respectfully recommend and request the passage of the following act:—

AN ACT TO ABOLISH THE RESERVE POLICE FORCE IN THE CITY OF BOSTON.

Be it enacted, etc., as follows:

Section 1. Chapter one hundred and seventy-seven of the acts of the year one thousand eight hundred and eighty-seven is hereby repealed.

SECTION 2. This act shall take effect upon its passage.

The foregoing report was prepared and compiled by the late Police Commissioner, Stephen O'Meara. There were other matters which he contemplated putting into his annual report which of necessity must be omitted, as he had not prepared them at the time of his death.

MICHAEL H. CROWLEY,
Acting Police Commissioner for the City of Boston.

The number of arrests for the year was 90,293, being a decrease of 18,263 over last year, and 2,660 less than the average for the past five years. There were 54,948 persons arrested for drunkenness, being 18,445 less than last year, and 7,125 less than the average for the past five years. Of the arrests for drunkenness this year there was a decrease of 10.18 per cent. in males, and a decrease of 28.44 per cent. in females, over last year. (See Tables XI, XIII.)

Of the total number of arrests for the year (90,293), 494 were for violations of the city ordinances; that is to say, 1 arrest in 182 was for such offence, or .54 per cent.

Fifty-one and thirty-nine one-hundredths per cent. of the persons taken into custody were between the ages of twenty and forty. (See Table XII.)

The number of persons punished by fines was 12,059, and the fines amounted to \$106,998. (See Table XIII.)

Fifty-eight persons were committed to the State Prison, 3,129 to the House of Correction, 106 to the Women's Prison, 91 to the Reformatory Prison and 1,398 to other institutions. The total years of imprisonment were 1 life, 393 indefinite, 2,615 years, 3 months; the total number of days' attendance in court by officers was 40,124; and the witness fees earned by them amounted to \$11,260.15.

The value of property taken from prisoners and lodgers was \$301,980.82.

Seventy-one witnesses were detained at station houses; 77 were accommodated with lodgings, an increase of 6 from last year. There was a decrease of 8.59 per cent. over last year in the number of insane persons taken in charge, a decrease of about 16.10 per cent. in the number of sick and injured persons assisted, and an increase of about 9.66 per cent. in the number of lost children cared for.

the five years from 1914 to 1918, inclusive, was \$116,086.60; in 1918 it was \$106,998, or \$9,088.60 less than the average.

The average number of days' attendance in court was 45,789; in 1918 it was 40,124, or 5,665 less than the average. The average amount of witness fees earned was \$12,948.44; in 1918 it was \$11,260.15, or \$1,688.29 less than the average. (See Table XIII.)

## Drunkenness.

In arrests for drunkenness the average per day was 150. There were 18,445 fewer persons arrested than in 1917, a decrease of 25.13 per cent.; 51.99 per cent. of the arrested persons were nonresidents, and 45.94 per cent. were of foreign birth. (See Table XI.)

# Bureau of Criminal Investigation.

The "identification room" now contains 54,903 photographs, 48,033 of which are photographs with Bertillon measurements, a system used by the department for the past nineteen years. In accordance with the Revised Laws, chapter 225, sections 18 and 21, we are allowed photographs with Bertillon measurements taken of convicts in the State Prison and reformatory, a number of which have already been added to our Bertillon cabinets. This, together with the adoption of the system by the department in 1898, is and will continue to be of great assistance in the identification of criminals. A large number of important identifications have thus been made during the year for this and other police departments, through which the sentences in many instances have been materially increased. The records of 796 criminals have been added to the records kept in this Bureau, which now contains a total of 41,101. The number of cases reported at this office which have been investigated during the year is 5,059. There are 31,482 cases reported on the assignment books kept for this purpose, and reports made on these cases are filed away for future reference. The system of indexing adopted by this Bureau for the use of the department now contains a list of records, histories, photographs, dates of arrests, etc., of about 170,000 persons. There are also "histories and press clippings," now numbering 7,987 by this Bureau, in envelope form for police reference.

The finger-print system of identification which was adopted in June, 1906, has progressed in a satisfactory manner, and with it the identification of criminals is facilitated. It has become very useful in tracing criminals and furnishing corroborating evidence in many instances.

The statistics of the work of this branch of the service are included in the statement of the general work of the department, but as the duties are of a special character the following statement will be of interest:—
